

Forget Amazon...This Is Better!

This is the 'Cliff Notes' summary of the webinar hosted by Jason Fladlien on October 16, 2014...

- If 20+ marketers have mailed you about this already... you need to watch closely around 4 minutes in where you'll discover where your unfair advantage lies. All you need to do is watch this recording...
- Is this hype? "I'm going to show you how to build a \$1,000,000+ business in less than 12 months... and that's not even the best part!" About 6 minutes in, you'll start discovering a 3 phase system how that's possible... everything will be revealed, step by step – and there's NOTHING hypey about it!
- Why Amazon is not all that important...and where the ACTUAL, bigger opportunity lies (Amazon is just the start!)
- The 85% of _____ that Amazon doesn't have...but would kill to acquire – and how you are going to exploit this for personal gain (... and Amazon will help – no, downright BRIBE you to do this!) – pay attention at around 9 minutes in for this gem
- ... Around at the 14 minute mark, you'll see the full 4 step process everyone kind of knows about private labeling... plus twists most people ignore that cost them profits, time, and sanity
- Why the “aim low” maxim doesn't work... (it has hindered 99% of internet marketers every time they try something new...) and why this time, you're going to aim for \$1,000,000+ a year business 12 months from now – and succeed!
- NO skill, NO experience and WORRIED about the competition? Perfect! Discover, right around the 17 minute mark, why none of these things matter... and questions you need to ask instead
- 3 phase process to realistically achieve \$100,000/month 12 months from now – starting around at 20 minute mark (explained step by step, each phase broken down – including where to find products; how to drive traffic; packaging; design; everything!)

- Phase #1 – the 3x1 beyond-simple matrix-style system that gets you from \$0 to \$10,000/month in as little as 2 hours a week (can you afford to spend 2 hours a week to make \$10,000 a month? Not a very smart question is it, right?)
- The 4 traffic methods you can use for Phase #1 (there are 100+ but you're going to be just fine with even ONE these 4!) – lean in at the 35 minute mark and try not to miss this nugget!
- The NON-sneaky way to get all the 5 star reviews you need – and this is just for phase #1
- Phase #2 – the 2 equally effective approaches you can take to get from \$10,000/month to \$25,000/month... (If you want to catch just this phase, it's around the 41 minute mark – you'll discover how to get even more reviews, how to exponentially increase your money making potential and much more!)
