In this Hangout replay...

- At around 7:44, discover where *(and why)* you might be **losing a good part of your commissions** and how to plug that leak NOW! Remember - this is happening NOW, and has a lot to do with the new **cloud based computing** (... *one way tracking and cookie dropping are just the tip of the iceberg!*)
- At 19:23, Jason reveals the **BIGGEST and MEANEST pitfall** that makes you LEAVE tons of **money on the table**... and the ONE LINE you can use that, in most cases, can **double your affiliate income!**
- 24:20 Learn Jason's **single technique** that can make you more money even during **the last hour of any launch than ANY of the "secrets" gurus try to sell you!** (*It has a lot to do with helping people... and NOTHING with the old school tricks like building tons of backlink, using software to generate social buzz or any of that crap...*)
- 26:26 **How we pump buying customers out of Facebook... at 17 cents a click or less!** (*These are NOT your usual, useless "click if you like kittens" type of clicks... but buyers with cold hard cash in hands!*)

- And at 29:14, learn **how EXACTLY we create our Facebook ads...** in a way they barely look like ads - but still make us money! (*this is important... because the usual, tired ad writing methods don't work - or are plain rejected by Facebook*)
- 31:00 Why you're actually making **2 sales every time you promote something socially...** and why old school direct marketing totally **misses the mark** when it comes to modern communication channels like Facebook, Google+ and others!
- 34:35 **It's NEVER a problem if you don't want to use your real name...** (In fact, Jason is using as an exotic woman's name in one particular niche!)
- At around 36:20 discover **Jason's exact strategy to using the news to generate jump-off points** that will ignite conversations and generate engagement no matter what you're promoting... and you'll **get LOTS of clicks, views, likes and shares - even for your affiliate links!**
- 39:56 **Why email list matters little these days...** (*the money is NOT in the list! Weird, right?*) ... and it's gonna matter even less - thanks to a single up-and-coming **Gmail update!** (*The gurus don't get this... that's why it's your chance to get in at the ground floor now!*)
- 42:52 **The single reason why it pays to start building Skype groups right now...** and why they're infinitely better than email lists (*100% delivery rate? Easy... And more!*)
- At 47:30, **finally learn why it doesn't matter whether you can or cannot create products..** Because you'll deliver value to your buyers in other ways - that will make you even more money!
- And at 1:00:55 **Jason looks into his crystal ball and tells you exactly where affiliate marketing is heading** (*and why there is an opportunity window of 8-10 months that you absolutely OWE to yourself to exploit!*)
- ... **Plus tons more stuff that's going to blow your mind... and make you more money even if you implement just one tip!**
